

# *Friends of the Teton River*

Name:  
School:  
Grade:

There are no right or wrong answers, just tell me what you think!

1. What new things did you learn about water today?
2. After today, what else do you want to know about water?
3. Why is water so important?
4. How can you be a “Friend” to the Teton River and your local water resources?
5. Name something you will do after today to help the environment.
