

Attention Local Ag-Producers

**Teton SCD offers you
our New 15' No Till Drill to lease and use on your land.
\$8.00 per acre.**

**Purchase of the no till drill made possible
by our Soil Health Initiative partner, Friends
of the Teton River of the Teton River.**

This new & proven method is beneficial to the environment as well as cost-saving to the farmer.

No Till Process Proven to:

- Improve soil health
- Increases retained moisture
- Reduces costs associated with equipment use, fertilizer and pesticides
- Reduces the amount of sediment flowing into live waterways

\$8 PER ACRE
